Assessment

Identifying Rhyming Words • Form 1

Name _____ Date _____ Number of errors _____

DIRECTIONS: Tell the child to name each object in each set of pictures. Tell them to circle the picture in each set that does not rhyme. Place an X in the box if the student circles the wrong picture.

PRACTICE: Say: *I am going to look at three pictures and slowly name each one. Say: cat, hat, can.* Cat rhymes with hat. Can does not rhyme. I will circle the picture of a can. Now it is your turn to circle the picture that does not rhyme. Have the child name the next set of pictures.
